

Go Vote!

Voting is an important part of being a citizen. Voting is how we make our voice heard on important issues that affect both ourselves and our neighbors. By becoming informed voters, we can vote for important laws, issues, and candidates that will create a better community. One with more justice, more equity, and more love in our city, state, and nation.

This month we're encouraging you to ask your friends, family, co-workers, and acquaintances if they are participating in the election. Who or what anyone is voting for isn't the point, but being engaged in the election process is!
